## BURNS HANDICAP COMMENT.

The following is an aftermath of the Burns Handicap, taken from a San Francisco paper of February 17:

"Since the Burns Handicap has been run, one hears all sorts of talk about the way it was won. The big stake has been criticised from every standpoint. There are those who think Articulate would have walked in if he had gotten away, and there are others who say he would not have had a chance anyhow.

"Of course, the handicapper comes in for a roasting. He always does. Never yet have the weights for the Burns been made public that some one did not at once set up the cry that this horse was thrown in, or that one was weighted out of it. This season it was agreed that the weights were just ones. Nothing good enough to win had his chances taken away by an excessive impost and nothing seemed to be favored in the matter of weights.

"Yet now there are those who say handicapper Brooks made it impossible for Eonic to lose by putting 98 pounds on her! This seems to be a silly argument now. The ring was filled with hundreds of shrewd judges of racing Saturday and they thought Articulate's chances were about five or six times as good as Eonic's. They thought Nones, Corrigan, Black Dick and Frangible should beat the mare that won.

"Of course, it is a matter of regret that Articulate should have been left at the post. Birkenruth seems to have lost all his form of last fall. Every race he rode Saturday showed lack of intelligence and he alone is responsible for Articulate's failure to get away.

"But one cannot but criticise the judgment which placed Woods on Greyfeld and Birkenruth on Articulate. Of course Mr. Smith owns Greyfeld entirely and in the event of his success would have captured the entire stake, while if Articulate had won he would have had to divide with the men from whom he is leased. Naturally, Smith wanted his own horse, which had been working splendidly, to have the best possible chance. But Greyfeld has shown all winter that he is a bad cripple and cannot follow or set a fast pace and finish well also. Woods got Greyfeld away in front and rode him a very good race, but it was too fast a clip.

"Nones' lameness is not believed to be very serious. He ran an exceedingly honest race, considering everything. On a fast track he would almost certainly have won. Black Dick is another horse which would have been fighting for the money on a fast track. He closed a tremendous amount of ground. Both he and Nones are by Sir Dixon. They run well in mud, too, but are slow beginners, and a horse who has not speed at the very start is at a great disadvantage in sloppy going."

## GOSSIP OF THE TURF.

While little has been heard of the new Buffalo association, which is to build a race track in the Bison city, for the last few weeks, it is understood that work is being rushed in the final preparation of plans and other details. With the breaking up of the snow a fine tract of land to the north of the city, susceptible to the highest improvements, awaits the attention of the track builders, and by that time all will be eager for active work. Indications are that Buffalo in the future will be well cared for in the matter of the sport of kings. The Highland Park Club has been successful in securing a special session of the Western Jockey Club for the adoption of its date schedule and is proceeding swimmingly with its arrangements for the summer campaign on the Canadian or Northern Circuit, in which circuit, of course, Fort Erie figures as the keystone. Providing the meeting, which will open in June and run till the latter part of July, does not conflict with the early summer meeting proposed for Buffalo, nothing seems to threaten an obstacle in the way of a good season at Fort Erie. A glance through the eligibles of the west in-

dicates that the Canadian Derby should fill better this year than last year, and it may be that we shall see another American Derby winner like Sidney Lucas and another handicap star like Advance Guard racing for the prize this summer.

President W. F. Schulte, of the New Louisville Jockey Club, was in Cincinnati several days ago to close a contract with a firm there for the printing of the badges to be used at the spring meeting, which opens at Churchill Downs May 3.

"We are going to have a splendid meeting," said President Schulte. "Our stakes have filled surprisingly well. They show an increase of 150 over the events of last year. The Derby is a very open race, and from a speculative view point it should be more attractive than any race for the same prize which has been decided during the last half dozen years.

"The horses at Churchill Downs are all in good health, and there are some as good lookers among the two-year-olds as I ever saw. J. E. Madden has forty-two youngsters in training there, and a day or two ago he telegraphed for twenty more stalls. I don't know what he is going to put in them, but I presume more two-year-olds, as I hear that he has altogether close to seventy-five gallopers of that age. We are building new stables now, but I am afraid that even so we will not have stall room for all the horses that will come to the meeting.

"Yes, Captain Rees has been engaged as presiding judge. That will end his engagements in the stand for the spring. No, he will not officiate at Latonia, as has been published in one of the Cincinnati papers. I don't think that he has ever been asked to. At any rate, I know that he will not be here, because he told me that he would not. He is going to build a summer home, and wants to personally superintend its erection."

The firm of Sullivan & Harris, of which Sam Harris, manager of Terry McGovern, is a member, will have a string of eighteen horses in training this year. All of their horses are now turned out at Hempstead, L. I. They will be taken up about March 1, and will be trained this year by Christy Martin. Mr. Harris, who is now at Cincinnati, Ohio, received a letter several days ago from Trainer Martin, in which he reported the horses in good health and fine shape. He is also in receipt of a letter from H. P. Headley, Beaumont Farm, Lexington, Ky., advising him that his mare, Lindula, by Linden, is safely in foal to Sir Walter. A foal from this union should make a good race horse. Speaking of his plans for the season's campaign, Mr. Harris says: "We will not race a horse until the opening of the Gravesend meeting. I do not believe in racing early. I would rather come along late with fresh horses. The percentage is better against horses that have been raced until they are stale, and I figure that along about the time they get to Gravesend there will be a good many stale ones chasing after the purses. Martin tells me that Isia is looking fine and that he will be a hard horse to beat. He is by Tammany, you know, out of Isis, by Bend 'Or. As a three-year-old last year he was a good winner. He beat Miss Bennett and Sevoy at Chicago as easily as if they were tied, and at Fort Erie he walked away from everything he went against. The Musketeer was about the only thing that gave him any trouble out east. He was a good second to him in two or three hard races."

The Daily America of February 18 has this to say of the effects of snow on certain horses:

"The boulevard and roads near Sheephead Bay, Gravesend and Brighton were lined with thoroughbreds all yesterday morning and until late in the afternoon. The heavy snow which fell Sunday night and yesterday was gladly welcomed by those who have in their stables horses that are affected with ringbones, fevered ankles and infirm feet. The effect the snow has on animals of this nature is vastly beneficial, and in most cases cures entirely the two latter ailments. It also strengthens the

tendons to such an extent that the horses are at times able to stand a vigorous campaigning during the next season.

"As a comparison it may be mentioned that Martimas, who won the Futurity, was trained at Waterloo, Canada, in the snow, and Saragossa, one of the best handicap horses that ever came from across the border, stood four years of campaigning after being virtually broken down as a three-year-old, and won many great races.

"It will be remembered that the veteran trainer, Green B. Morris, was one of the first in these parts to promote this system of training, that has long been in vogue among the Canadian trainers. Morris and other American trainers were for years particular about giving horses that were affected in the legs any hard exercise during the snowy weather in winter, until Bersan, which was owned by Morris, became affected.

"After many remedies were tried to get him to stand training, all of which were of no avail, the idea came to Morris that the salt water and snow gallops might harden his favorite bread winner. The day after, old Bersan was galloped through the snow from old Monmouth Park to the ocean and given both a snow gallop and salt water soak outs. The next season saw Bersan the star of the handicap horses. He started early in the spring by giving Drake Carter and Eolian weight and defeating them handily at Washington in the National Hotel Handicap and Riggs Hotel Stakes, but later on was beaten by the Dwyer horse, Joe Cotton, which he afterward defeated at Louisville."

A bill has been introduced in the Maryland legislature by delegate Clayton of Elkton, containing provisions which will enable the outlaw racing to open up again in Elkton. The bill was prepared by former Senator John S. Wirt, an attorney of Elkton, and provides for holding of games and trials of speed between horses on the grounds of the Elkton Improvement Company or any ground that they may hereafter require. It also repeals all general laws or any local laws which prohibited the sport. This, it is said, will repeal the provisions of the act of 1898, which prohibited the outlaw races in Cecil County. The new bill contains several apparently innocent provisions with reference to the encouragement of horse breeding, etc. There is no limit to the time of holding the meetings and no license is required. The Elkton fair grounds are now owned by the Elkton Improvement Company, composed of several wealthy sporting men of Elkton and one or two capitalists from Philadelphia. The grounds were once used as a legitimate agricultural fair, but were abandoned and sold after the outlawed races came to Elkton a few years ago. The bill has been referred to the Cecil delegation in the Maryland House of Delegates for their final report.

A running circuit of minor importance called the Buckeye Racing Circuit, embracing a number of Ohio cities, has been formed recently. The association will only give running races. The following are the dates for the races in the various towns which have thus far joined the association: Tiffin, June 24 to 26; Mansfield, July 2 to 4; Sandusky, July 9 to 11; Lima, July 15 to 18; Bucyrus, July 23 to 25; Mt. Vernon, July 29 to August 1. H. E. Bell, of Lima, was elected president and V. R. Chesney, of Bucyrus, secretary.

According to Mr. Walden, the most promising yearling in the stable of Messrs. A. H. & D. H. Morris is a half brother of Sam Phillips, winner of the St. Louis Derby of 1900. This precocious juvenile is by Requit—Reckon. His dam, in addition to throwing Sam Phillips, also gave to the turf Add and Compute, the latter a two-year-old last season which won stakes on the metropolitan tracks. The Messrs. Morris paid \$25,000 for Compute as a yearling. They have always owned Reckon, which will be remembered as one of the greatest race mares ever trained on the American turf.

## BROOKLYN CANDIDATES.

The following table gives in compact form the records for 1901 of the horses engaged in the Brooklyn Handicap. As a mere matter of record, two horses, Endurance by Right and Roehampton, stand out distinctly from the others. It is probable that the former will not go to the post, but there is no other horse in the race more worthy of support than Roehampton and none more likely to prove the winner:

## NOTES OF THE TURF.

While Allan-a-Dale, the crack western colt, will be prepared for the American Derby, T. C. McDowell says that not one of his other horses or those of W. K. Vanderbilt will be raced at Chicago. After the Louisville meeting, McDowell will ship east. Because of the fact that he had mapped out his campaign prior to the announcement of the Latonia Stakes, McDowell made no entries for the meeting at that track. He says he will train all of the Vanderbilt string this year.

South Chicago. In the American Derby colts carry 122 pounds and fillies 117, with penalties for previous winnings and non-winning and maiden allowances. No statement of weights to be carried will appear until shortly before the race.

The Unknown, Charley Ellison's candidate for the Montgomery, has gone wrong, and left Ellison with a ticket calling for \$20,500 on The Unknown, which was placed at 40 to 1.

J. T. C., Chicago. Barnato's last start prior to his two recent races was at Oakland May 19, 1898. The Burns & Waterhouse horse Bernota is a different animal.

A. B. C., Cincinnati, O. We know of no such stable.

### GOSSIP OF THE TURF.

J. R. & F. P. Keene's noted five-year-old horse, Disguise II, which won the Jockey Club Stakes, worth \$50,000, in England during the season of 1900, will be retired to the stud at the close of the coming English racing season. Major F. A. Daingerfield, manager of the Keene's Castleton stud at Lexington, Ky., recently received word that Disguise II would be sent to Castleton to join the famous Commando as representative of the Domino line of blood. The Keenes have entered Disguise II in all the more important handicaps this spring, where he will meet the best horses owned by W. C. Whitney and King Edward VII. His principal engagements are the Lincolnshire Handicap, Kempton Park Queen's Prize, the City and Suburban at Epsom and the Chester Cup.

A meeting of the stewards of the Jockey Club was held at New York, February 19, August Belmont presiding. The following racing officials were appointed: Starter, C. J. Fitzgerald; judges, Clarence McDowell and G. H. Pettingill; clerk of scales, H. G. Crickmore; handicapper and forfeit clerk, W. S. Vosburgh; timer, W. H. Berrett; paddock and patrol judge, J. L. Hall. A recommendation was made to all associations racing under Jockey Club rules that all races be started without recall and with a barrier released by electrical or mechanical device approved by the Jockey Club, and that all owners and trainers are expected to have their horses properly trained to start. On the recommendation of the stewards of the National Steeplechase and Hunt Association the ch. g. High Strung was reinstated for steeplechase and hurdle races.

Much against his will, Burt Knapp, the well known local jockey, and who rode successfully in France last year, is a passenger on the Kaiser Wilhelm der Grosse, which left New York several days ago for Europe. Knapp intended to make the trip later in the season, but went down to see some of his friends off, and while engaged in conversation with Milton Henry and his wife no attention was paid to the cry of "All ashore!" and before he knew it the great vessel was in the stream and on her way to Europe.

Judge Morrow, of Nashville, Tenn., does not seem to think well of the idea of building a mile track at Atlanta or of holding a winter meeting there. The

course over which they will build has a deep gulch in it. He says it will be impossible to hold a winter meeting in Atlanta on account of the weather, and does not think one could be held in Atlanta any better than it could be held in Nashville. It is said that President Wall has secured a five-year lease on the Piedmont track and will open a meeting December 1, lasting 120 days. Four more disagreeable months could not well have been picked out of the entire year. Then, too, unless Wall is able to secure a license from some reputable racing association, under which the meeting can be held, the best horsemen will not send their horses there for fear of being outlawed.

Sam Wagner, manager of the Worth race track, after seeing Federal, from Sam Hildreth's stable, work at Memphis several days ago and noting his condition, offered to bookmaker Joe Ullman a \$500 commission on Federal's chances in the winter book on the Montgomery Handicap. The price was 40 to 1, and Ullman refused to accept but \$200 of Wagner's offer.

# JOCKEYS HANDICAPPED.

DAILY RACING FORM will from now on publish each week a table of the rating of the jockeys riding at each track based on their performances in the saddle. The best riders at each track will be given the uniform rating of 100, and from that point the others will be graded down according to their estimated relative skill. For a difference of five points between the jockeys a corresponding five points change in the handicap figures assigned the horses in any race must be made. Only riders frequently in the saddle will be given a place in the tables. The following is the rating of the jockeys now riding over the various tracks:
